

California MATHEMATICS

The California Mathematics Framework has been adopted by the State Board of Education.

The Approved Timeline:

Now that the California Framework has passed, Savvas authors are busy developing our next generation of California specific mathematics programs.

When can districts/schools expect to pilot and purchase California specific Savvas math materials based on this timeline?

- **Fall 2025** - Publisher materials for California specific products available for pilot
- **January 2026** - Savvas California specific math materials available for purchase

How can we support you in the meantime?

See the reverse side for our current math offerings.

K-12

enVision[®], our most effective math series, is used in classrooms everywhere. *enVision Mathematics* focuses on deep conceptual math understanding aided by visual models, personalized learning, *Let's Investigate!* lessons, and 3-act tasks. Family Engagement resources provide essential information for families to use in supporting their students at home. Comprehensive vertical alignment from Kindergarten through Algebra 2 and Integrated Math 3 helps schools address mathematical standards in an effective way.

K-8

Experience Math, a student-centered, K-8 curriculum, celebrates the art of teaching combined with the power of an engaged classroom. Through simple planning and high-value, in-the-moment professional development, *Experience Math* allows teachers to do what matters most:

- Create community
- Strengthen learning
- Establish understanding
- Gather evidence of learning

K-5

Years of classroom research and scores of passionate teachers stand behind Savvas' K-5 inquiry solution: *Investigations 3*. As students evaluate, present, and discuss their work using real-world problems, their understanding deepens. As they hear their peers' different approaches to solving the problems, they learn there are many ways to arrive at an answer.

If you have any questions in regards to the CA Math Adoption Timeline, feel free to contact our State Adoptions Manager, Shannon Breslow, at shannon.breslow@savvas.com.

Looking to drive all students toward mastery of standards now with supplemental resources?

Momentum Screener and Diagnostic Assessments provide an easy and reliable way to uncover student needs and provide the right instructional content for every learner. Add the norm-referenced assessment suite to your math program via the *Savvas Realize*[®] platform and seamlessly collect actionable data to inform instruction for Grades K-8.

Designed to supplement core K-9 mathematics instruction, *SuccessMaker*[®], is a personalized learning system that continually adapts instruction based on each student's unique instructional profile. The program powers growth for all students, no matter their starting point.
