California Editions to be Submitted for State Adoption in 2025

enVision⁺
CALIFORNIA MATHEMATICS

enVision[®] Mathematics K-12 has significantly improved student achievement in California and across the country. Its balance of problem-based and visual learning create purposeful and engaging environments that encourage deep understanding.

**Experience
Math[®]
California**

Experience Math California, created by Dr. Marian Small, is a student-focused K-8 curriculum that combines intentional teaching strategies with active learning. Developed with contributing author, Graham Fletcher, topic level tasks provide authentic opportunities to build problem solving skills.
