

ACT 2: THE MODEL

IDENTIFY IMPORTANT INFORMATION

Use the Information screen in Act 2 to give students time to think about what quantities are relevant to the problem situation. Ask *What information do you need to answer the Main Question? I will only give you the information you ask for.* Draw a simple picture to represent each piece of information students request. Number each picture and save the numbered list. Have students record the number for each piece of information they think they will need.
